

COB Outdoor LED Street Light SMD3030 3000K-6500K 130LM/W 50000hrs Life Span

Our Product Introduction

For more products please visit us on solarledstreet-light.com

Basic Information

- Place of Origin: Guangdong China
- Brand Name: high Lumen Led street light
- Certification: EMC, RoHS, CE, LVD
- Model Number: YH-SL
- Minimum Order Quantity: 10
- Price: USD19-49
- Packaging Details: Foam + carton plus + wooden case
- Delivery Time: 3-7days
- Payment Terms: T/T, Western union, Paypal, Credit Card
- Supply Ability: 8000PCS/Month

Product Specification

- Life Span: 50,000hrs
- Color Temperature: 3000K- 6500K
- Line Diameter: 3*0.75 0.3m
- Battery: 3 Years
- Light Source: SMD3030, SMD5050
- Material: Aluminum Alloy
- Type: Outdoor LED Street Light
- Luminous Flux: 130LM/W
- Highlight: 50000hrs Outdoor LED Street Light, 3000K-6500K Outdoor LED Street Light, SMD3030 Outdoor LED Street Light

Wall straight pin installation

Installation of straight cement wire poles

Installation of wall bends

Installation of bent pipes for cement power poles

Product Description

Products Features

1. Premium LED light source: The Waterproof LED Street Luminaire utilizes a state-of-the-art LED light source with an incorporated electrostatic protection component. This guarantees exceptional lumen output, long-term stability, and impressive visual performance. Furthermore, it minimizes the risk of electrostatic damage, enhancing the overall durability of the luminaire.
2. Reliable and efficient LED driver: The street luminaire's LED driver delivers a stable and efficient power supply, featuring outstanding waterproof capabilities and effective heat dissipation. This results in an actual operational efficiency surpassing 91%, making it one of the top-rated LED lamp drivers available.
3. 60mm connector for convenient replacement: Equipped with a 60mm connector, the street luminaire offers effortless upgrading and replacement of traditional MH (Metal Halide) and HID (High-Intensity Discharge) lights. This ensures compatibility and simplifies the installation process.
4. Optimal heat dissipation: The LED street luminaire incorporates a complete aluminum housing structure that enables close contact between the LED module and the heatsink. This innovative design optimizes heat dissipation, preventing overheating and significantly extending the lifespan of the light source.
5. Robust aluminum material: The street luminaire integrates advanced full aluminum lamp radiator technology, effectively addressing the LED heat dissipation challenge. This solution greatly enhances the longevity and performance of the light source.
6. High-transmission reflector: The reflector in this Waterproof LED Street Luminaire is crafted from premium explosion-proof glass, which maintains its color and is resistant to oxidation over time. It ensures efficient and reliable light reflection, maximizing the overall illumination output.

Products Description

Model	COB LED Street Light
Wattage	50W 100W 150W 200W 250W
Voltage	110V 220V 85-265V
Chip	COB
Lumen	100LM/W
RA	RA80
PF	PF0.9
IP Rate	IP65 Waterproof
Materials	Aluminum
Warranty	3 Years
