## UFO High Bay LED Light 3000K-6000K IP65 200W Industrial Warehouse Light

### **Basic Information**

. Place of Origin: China

Yahua lighting . Brand Name:

CE, RoHS, IP65, ISO9001 · Certification:

Model Number: YHZ-HBL

• Minimum Order Quantity:

• Price: USD19-49

 Packaging Details: Foam + carton plus + wooden case

• Delivery Time: 3-7days

Payment Terms: T/T, Wester union, Paypal, Credit Card

8000PCS/Month . Supply Ability:

### **Product Specification**

• Input Voltage: AC100-277V/ AC85-265V/ AC100-305V

• Working Temperature(°C): -30-60 IP65/IP66 . IP Rating:

· Color: White/Dark/Grey . Light Source: LED Brand Chips

• Color Temperature: 3000K/4000K/5000K/6000K

• CRI: >80 50,000hrs Lifespan:

• Highlight: IP65/IP66 Bay LED Light, Grey Bay LED Light,

50000hrs Bay LED Light

### **Product Description**

**UNBEATABLE ILLUMINATION** – This high quality and powerful high bay light gives off industry-leading illumination! It's commercial grade compatibility and high lumens easily make this light the best choice when it comes to wide and clear illumination! With up to 130 lumens per watt, this is easily one of the highest performing lights in the industry. On top of all this, this light is compatible with reflector (Need to be ordered separately) to provide up to 20% uplight!

FAST & EASY INSTALLATION - The effortless 3-minute installation process will save you the headaches and frustration that other light installations cause. Safety Rope to make installing this light that much easier! This will save you time and energy to work on other projects!

STRONG AND DURABLE – This amazing lamp features an IP65 water resistant and dustproof design. It's commercial grade, durable properties make it the toughest and most versatile light on the market. Never worry about this product being damaged from outdoor weather conditions! The pure aluminum cold forged housing provides excellent thermal transfer to extend component life and keep it from becoming damaged. It's operation temperature is -104 to 122 degrees Fahrenheit.

BEAUTIFUL & UNIQUE DESIGN – The lightweight, low profile and circular/UFO-like design makes this high bay light the most unique and beautiful product on the market. On top of all these light's beautiful characteristics, it is also dimmable! This professional, stylish, and unique look offers its customers a supreme lighting experience.
